

**24 hours a day,
7 days a week**

The Emergency Behavioral Healthcare Center (EBHC) is a 24-hour comprehensive crisis and evaluation center that provides crisis residential services for southern Cook, Will and Grundy counties. EBHC, as part of Grand Prairie Services (GPS), is accredited by CARF, The Rehabilitation Accreditation Commission, and is also a member of Mental Health Corporations of America (MHCA).

GPS is funded by the Illinois Department of Human Services, Divisions of Mental Health, Developmental Disabilities, Alcoholism and Substance Abuse, Illinois Department of Children and Family Services, Illinois Department of Healthcare and Family Services, United Way of Metropolitan Chicago and is Medicare and Medicaid certified.

Our Mission

The Mission of Grand Prairie Services is the provision of holistic emotional and behavioral health services for individuals, families and communities of the Southland region with an emphasis on recovery and optimal functioning.

**Do you or someone you
know need help coping
with life's problems?**

EBHC is here to help.

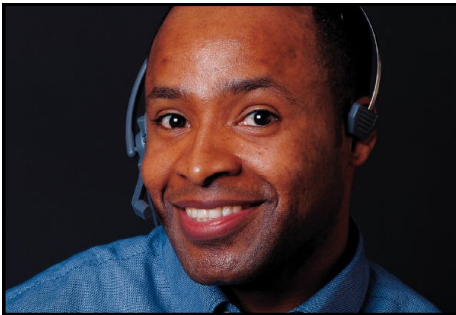

Help is just a phone call away

We Never Close

EBHC is open 24 hours a day, 7 days a week providing short-term crisis residential services and crisis assessments. Our 10 bed voluntary crisis residential program is designed to assist and stabilize individuals 18 and older experiencing a mental health crisis. We can diffuse a crisis situation through emergency stay, individual and group counseling, medication monitoring and training and care management services.

The EBHC multidisciplinary treatment team includes counselors, therapists, social workers, nurses, and psychiatrists dedicated to stabilizing individuals in crisis and avoiding psychiatric hospitalization whenever possible.

Trained Professionals Standing By

Whether you are calling for yourself or someone you care about, EBHC is here to help. When you call (708) 331-0500, you will speak directly with a trained counselor or therapist who will help you determine the nature and severity of your problem. Together, you and the counselor will determine how best to treat the problem. You will be treated with respect and dignity, and the information you provide or discuss will always be kept strictly confidential.

Here to Help

We provide assistance for a wide range of mental health issues including anxiety, depression and mood swings. When you feel stress due to family or employment, or feel unable to cope, call us and we can help.

Our unique service has helped individuals from the Metropolitan Chicago area avoid unnecessary psychiatric hospitalization.

EBHC has over ten years of experience helping people feel good again.

The broad range of services offered are designed to address mental health needs through an individualized treatment plan developed with the individual and coordinated by the multidisciplinary treatment team. The following services are offered to all individuals in the Crisis Residential program 7 days a week, as vital components of recovery. Available services include medication monitoring and training, morning and evening planning meetings, exercise and fitness groups, group therapy, care management groups, individual therapy, life skills and psychological skills groups, expressive therapy groups, recreation and leisure skills training.

Individuals leaving EBHC are provided with referrals to community-based, outpatient services to continue their treatment and success.
